

Food Industry

DEGREE PROGRAM

FIRST YEAR

01

Maths II

Physics II

Biological Chemistry

Food Analysis I

Physics and Chemistry

Food Chemistry

Microbiology of Regional Products

Design of Experiments

SECOND YEAR

02

Unitarian Operations I

Food Chemistry II

Sanitation and Industrial Hygiene

Food Toxicology

Unitarian Operations II

Nutrition and Sensorial Evaluation

Management Systems

Commercialization and Distribution of Food

THIRD YEAR

03

Biotech Processes

Food Preservation

Development of New Products

Regional Technologies

THESIS
